When the days feel like yesterday
And u don't know, what was wrong
U tried to figure out
But you have nothing left
How can u get back in tha day...

U need a timemachine a
Big one that works
That gets u forth and back
In tha day.

Was this a cat or a horse
No, you don't see the difference
U think that both has a nose,
And then they're the same

U need a timemachine a
Big one that works
That gets u forth and back
In tha day.

(Look at your watch now
U hav ejust 1hour left now
You got your million dollars contract
And they're all waiting for your comeback)

U need a timemachine a
Big one that works
That gets u forth and back
In tha day.

U need a timemachine
A big one that works
That gets u forth and back (and back, back, ba, ba, ba,
ba)
Back in tha day!
