One Night at the grave  
A dead man be okey  
He standing up  
And walk around in the city

[Chrous:]  
Ded man walking  
And killing people  
People he likes  
And people he hates

One night  
You gonna see  
That I not, just made it up  
Then mayby you can stop to laugh  
Of me, yeah!

[Chrous:]  
Ded man walking  
And killing people  
People he likes  
And people he hates

He killing peole every nights  
It's not every time, people he likes  
So shut up, and watch around you  
You can never be safe  
With him in the town
