# "Enough"

I hate everything and itÂ's all youÂ're fault
I canÂ't keep it in IÂ'm screaming it out
I canÂ't tell you what to do
But, God, I hate you

[Chorus]
The buss crashed and a guy got beating up
I blame it all on you
Sorry, I canÂ't stop
I hate everything and I hate it all
I hope you will clime up a mountain and fall

I donÂ't know why IÂ'm feeling so bad
I just think my senses has gone mad
My eyes has gone black
You suck, yeah you do ooh
Go to hell and never come back

[Chorus]
The buss crashed and a guy got beating up
I blame it all on you
Sorry, I canÂ't stop
I hate everything and I hate it all
I hope you will clime up a mountain and fall

Bitch, I donÂ't know why I hate you that much
God, you are the worst thing I have ever seen
I want you to go away
I really donÂ't know what else to say
I canÂ't have this feeling anymore
IÂ'm screaming it out
I HATE YOU

[Chorus]
The buss crashed and a guy got beating up
I blame it all on you
Sorry, I canÂ't stop
I hate everything and I hate it all
I hope you will clime up a mountain and fall
