That boy, that walks down tha street
That boy, is the hottest [yeah, yeah]
That boy is not like him, no that boy
Is different

He is the one who like nothing
That you like
He does his own thing
He treats me right

[Chorus]
He is not like him, not like you
His own stile
His own look
His own way to walk and talk
And I like that

He is, the guy who take it all
He is the [nicest fucking loving most perfect guy]
He likes the way I look
Even when I look like a freak
He says that he's not special
[Not true, not true]

I like the way he dress him self,
I like everything about him
He is so cute and hot and stuff,
He is the guy

[Chorus]
He is not like him, not like you
His own stile
His own look
His own way to walk and talk
And I like that
He is not like him, not like you
His own stile
His own look
His own way to walk and talk
And I like that
