Yeah, you come over to me said that Iâ'm a freak
I asked why you said I hate you
You should think about what you really wanna do
Because...

No one likeâ's you
Every one hates you
And you should really know why

Everyone hates you
Youâ're a dumb freak
You are the most pathetic fucking bitch face
I have ever seen
You think you are so beautiful
You think you are so nice
But everyone knows you where the double size

You called me to my mobile
Said: I hate you
God you must be bore
You always end up crying
You suck you suck you suck

No one likeâ's you
Every one hates you
And you should really know why

Everyone hates you
Youâ're a dumb freak
You are the most pathetic fucking bitch face
I have ever seen
You think you are so beautiful
You think you are so nice
But everyone knows you where the double size
