You go away
People are starting to be annoying
Sometimes you can be the worst
Maybe I should just break up
You are always mumbling
I so sick of it

[Chorus]
You suck, yeah you do
Not all is about you
You are not the one that makes my day
I think IÂ'm in love whit somebody else

I know IÂ'm sometimes like a freak
But I know one thing
IÂ'm gonna make my mind
I canÂ't believe that I cared
Because now I understand
That I shouldnÂ't

[Chorus]
You suck, yeah you do
Not all is about you
You are not the one that makes my day
I think IÂ'm in love whit somebody else
