Iâ've been standing, holding out
Watching youâ're pathetic face
You have pushed me one to far
Now I guess youâ're gonna die

[Chorus]

Iâ'm sick of you
Iâ'm sick of everything you do
Everything Iâ've said has just disappear
I hope you soon gonna die

You are dressing on and you look like a wannabe
Then you say that I am ugly
You have pushed me one to much
Now youâ're gonna die

[Chorus]

Iâ'm sick of you
Iâ'm sick of everything you do
Everything Iâ've said has just disappear
I hope you soon gonna die

You are nagging of my head
It feels like a gun shot running throw my brain
Canâ't see why you get so pissed of at me
But I guess youâ're gonna die

[Chorus]

Iâ'm sick of you
Iâ'm sick of everything you do
Everything Iâ've said has just disappear
I hope you soon gonna die
