My god, you are so hot
I can't understand how you are doing that
Even when you walk away
My heart it beating faster
I can't stop look at you
I wanna die if you don't get mine

Your sexy, you're fine
I long for you to be mine
Your sexy, you're fine
I long for you to be mine

I wanna kiss you when no one's watching
I wait for you day and night
I love you too much
I can't say it
I'm lost for words

Your sexy, you're fine
I long for you to be mine
Your sexy, you're fine
I long for you to be mine

You are the hottest thing I have ever seen
I long for you to be mine

Your sexy, you're fine
I long for you to be mine
Your sexy, you're fine
I long for you to be mine
Your sexy, you're fine
I long for you to be mine
Your sexy, you're fine
I long for you to be mine
