It's a bad, bad day for this
I just wanna go away
I didn't do this to you
So why are you so damn pissed off?
But now I guess it's a little too late

[Chorus]
You know, I don't do everything wrong
This is the last time I've been waiting so long
You are not the best
It's amazing if you think you are

Not all ends in misery
If that is what you think
You are not perfect either
I mean, you said you didn't like pink!

[Chorus]
You know, I don't do everything wrong
This is the last time I've been waiting so long
You are not the best
It's amazing if you think you are

I don't think you care for what I mean
You and I am just the worst thing
I think that you could die
If you apologize

[Chorus]
You know, I don't do everything wrong
This is the last time I've been waiting so long
You are not the best
It's amazing if you think you are

Never you and me
Never you and me
That could never be
That could never be
