I have never had this feeling before  
I never though IÂ've think this  
ItÂ's strange... Like itÂ's never happened before  
Now I neither, IÂ'm not shore at all

What is going on whit me?  
I canÂ't explain this feeling  
ItÂ's like something eating up my head  
Maybe IÂ'm just going craze

IÂ've never thought that I could see this  
IÂ'm totally nuts  
I canÂ't act like this for ever  
Like I have to change now

What is going on whit me?  
I canÂ't explain this feeling  
ItÂ's like something eating up my head  
Maybe IÂ'm just going craze

What is going in whit me?  
I think IÂ'm going craze  
Yeah, yeah, yeah, yeah, yeah

What is going on whit me?  
I canÂ't explain this feeling  
ItÂ's like something eating up my head  
Maybe IÂ'm just going craze
