(Sings)

Personal (its your boy JLong)
Personal (thats right, JLong) lover
I can be your personal freak
Can i be your personal freak
I can be your private, exclusive, undercover lover

See i aint trying to lock you down
Im just trying to put it down
And yes i know you got a man
so lets be friends with benefits
Girl i've known you for a while
And yes you've known me for a while
Its just the way you look at me
It tells me you want me to be

(Chorus)

Your personal freak
Can i be your personal freak
I can be your private, exclusive, undercover lover

Say baby wont you swing it over some my way
Girl word on the street is you taste like candy
Jollyrancher, skittles (take me out the wrapper)
Put my sticker in your middle

Ima stroke (5x) you up
Ima love (5x) you down
Ima beat (5x) it up
intil you say that i am

(Chorus)

Your personal freak
Can i be your personal freak

I can be your private, exclusive, undercover lover
