As cold as it seems / When truth brings you heartache
It's so hard to believe / When love hits the wall / Love is
My faith in you / When it could have ended
And your trust in me / We could have lost it all
Love is / Everything I need to live
Love is / Everything that we forgive
Love is / Every crime of passion
That's what love is
Where would I go / What would I do
What would it mean / To meet a perfect stranger
Why do we hurt / Who draws the line
When do we learn to look inside / What love is
So many years / You can't take for granted
You can't take away / All the things you are
Together so long / I know where my heart is
Somewhere in me (oh yea) / I'll find a way to show
Love is / Every lesson we have learned
Love is / Every soft unspoken word
Love is / Every crime of passion
That's what love is
Where would I go / What would I do

What would it mean / To meet a perfect stranger

Why do we hurt / Who draws the line

When do we learn to look inside

Everything I need to live / Love is

Everything that we forgive / Love is

Every crime of passion / That's what love is

Love is / Every lesson we have learned

Love is / Every soft unspoken word

Love is / Every crime of passion

That's what love is
