Made your acquaintance late one night
You were floating around, you know, you gave me
quite a fright
Didn't seem like an ordinary man
More like a ray of light

You transcendently imposed yourself upon my bed
You know you didn't say very much
I'm out of body and I feel so good in my head
You know I'm really quite touched

I wake up with your fragrance and it's all over me
(What Cologne do you wear?)
I walk around with a smile on my face, there's a ghost
near
(Well I know you're somewhere)
When I know you're almost there

Gonna take my chance on a different kind of romance
(kind of romance)
A supernatural thing (supernatural thing)
Gonna have my fill, it gives me such a big thrill to be
with (thrill to be with)
A supernatural thing (supernatural thing)

You say you've lived here for quite some time
And I see that your skills as a lover are very refined
You know just want I want and I don't have to ask
Are you reading my mind?

You're not demanding for a man that's really quite
there
You're not the least bit obsessed with your hair
You're not upset when I come home later than ten
For a ghost, you're a very good man

I've got to be very careful, never know what the
neighbours will say
(They already think I'm crazy)
I wouldn't like to wake up and find myself in the
family way
But it's nice to know you care

(A ghost baby?)

Gonna take my chance on a different kind of romance
(kind of romance)

A supernatural thing (supernatural thing)

Gonna have my fill, it gives me such a big thrill to be
with (thrill to be with)

A supernatural thing (supernatural thing)

Gonna take my chance on a different kind of romance
(kind of romance)

A supernatural thing (supernatural thing)

Gonna have my fill, it gives me such a big thrill to be
with (thrill to be with)

A supernatural thing (supernatural thing)

I can't see you

But I know you're out there, little rascal

Stop that!

I've got to be very careful, never know what the
neighbours will say

(They already think I'm crazy)

I wouldn't like to wake up and find myself in the
family way

But it's nice to know you care

(A ghost baby?)

Gon-Gon-Gon-Gon-Gon-Gon-Gon-Gon-Gon-Gon-

Gonna take my chance on a different kind of romance
(kind of romance)

A supernatural thing (supernatural thing)

Gonna have my fill, it gives me such a big thrill to be
with (thrill to be with)

A supernatural thing (supernatural thing)

Gonna take my chance on a different kind of romance
(kind of romance)

A supernatural thing (supernatural thing)

Gonna have my fill, it gives me such a big thrill to be
with (thrill to be with)

A supernatural thing (supernatural thing)

Gonna take my chance (pants off for) on a different
kind of romance (kind of romance)

That super-duper-naturally big bad boy outrageously
large (supernatural thing)

Gonna have my fill, it gives me such a big (thrill to be
with)

(Supernatural thing)
