When you look at me
Tell me what do you see
Beyond these green eyes
So much more to me
Simplicity
Much more that matters
I'll wipe off my makeup
Take off my pretty clothes
I'll let my hair down baby
Yeah uh I can be natural
Stand here vulnerable
Proud as all hell
So you know what I'm all about
Uh huh
From the inside out
The inside out
The inside out
That's what it's about
Society puts on the pressure
And I aint going to lie
It's hard to weather
But if you know who you are say hey
And if you know who you are it's ok

Would you be a fan
If you wasn't down with the outside
If your turn me inside out
You would understand
That if you only knew the inside
Then you turn me inside out

When you look at me
Tell me what you see
A mind that's endless
A soul that's yearning
A heart that's priceless
It's time for me confess
Show you what I'm about
There be no more fronting baby
Cause the reals coming out
Take you on these little journey
So you how it going down

Uh huh
From the inside out
The inside out
The inside out
That's what it's about
Magazines put on the pressure
And I aint going to lie
I try to measure up
But as long as you are ture to you
Be your best and that's all you can do

Would you be a fan
If you wasn't down with the outside
If your turn me inside out
You would understand
That if you only knew the inside
Then you turn me inside out

Don't let this whole thing just keep goin on and on
Turn it inside turn it inside
Don't let this whole thing just keep goin on and on
Turn it inside turn it inside
Don't let this whole thing just keep goin on and on
(inside out inside out, on and on and on, inside out)
Don't let this whole thing just keep goin on and on
Turn it inside turn it inside
Then turn me turn me inside out

Would you be a fan
If you wasn't down with the outside
If your turn me inside out
You would understand
That if you only knew the inside
Then you turn me inside out

Would you be a fan
If you wasn't down with the outside
If your turn me inside out
You would understand
That if you only knew the inside
Then you turn me inside out

Inside out
Inside out
Understand
Inside out
Inside out
Inside inside out
Inside inside out
Insid inside out
Inside inside inside out
