There are stories told nobody wants to believe it
There are reports with facts that it must be true
Something flew out from the clouds
And it smoked and smoked and sparked in silver blue
A few humans disappeared
Chaos reigns and there is fear

There is hate
In the eye of an eagle
There is lust
In the eye of an eagle
(Ohh)

Lightning struck on the wings of chrome
Headlights radiated searching for more
As quick as they appeared they crushed away
Laser shots out of the hemisphere
Eye witness told us saw steel eagles
We will never know, or should we believe it

There is hate
In the eye of an eagle
There is lust
In the eye of an eagle

A few humans disappeared
Chaos reigns and there is fear

There is hate
In the eye of an eagle
There is lust
In the eye of an eagle

There is hate there is lust
(In the eye of an eagle)
There's a sign out of the dust
(In the eye of an eagle)
There is hate there is lust
(In the eye of an eagle)
There's a sign out of the dust
(In the eye of an eagle)
