Out here alone, I will wear a thousand faces  
I'm still waiting, the master of disguise  
Can't you hear me calling in my deepest desperation

I talked to the angels, cause I'd broken every rule  
And if you hurt me, there's a way back to you  
I found a reason out in this mystery

Bridge:  
A touch of heaven  
I opened up my soul  
Don't leave me waiting  
Until my heart is gone

Chorus:  
It takes two times  
There's no holding back now  
Until I found you again  
Tears of rage

Into the real world we said our last goodbye  
Betrayed ourselves only for our selfish pride  
I'm disillusioned, threw my heart into the flame

Bridge:  
A touch of heaven  
I opened up my soul  
Don't leave me waiting  
Until my heart is gone

Chorus:  
It takes two times  
There's no holding back now  
Until I found you again  
Tears of rage

Solo

Five in the morning, I'd lied to myself  
Time to surrender as I see your face  
I just want to hold you  
I could make you mine again

Bridge:  
A touch of heaven  
I opened up my soul  
Don't leave me waiting  
Until my heart is gone

Chorus:  
It takes two times  
There's no holding back now  
Until I found you again

It takes two times  
There's no holding back now  
Until I found you again  
Tears of rage  
Tears of rage
