Tossin turnin, dreams of murder someone's killin me  
It changes there's night I'm on a killin spree  
All done, cold blood, wakin up in cold sweats  
This is such a cold world my conscience getting death  
threats  
Shadows chokin me, my last breath, lets out my body,  
it's a conspiracy  
My mind and my body's not really down with me  
Me against the whole world, it's a little deeper  
Me against myself, I fight the grim reaper  
Swing sickle I got my glock bust rounds off demented  
Schizophrenic, I know this sounds off to you  
I do not lie, when I doze off spirits hope I die, whatever  
Angels waste they time, they work together  
Scheme, they plot on me, 'cause I'm son of man  
I hear voices from a dog like Son of Sam  
Don't give a damn if the bullets fill me  
I don't wanna live, I hope they kill me  
Put me out my misery, I live in misery  
I kill all my enemies, 'cause I live comfortably  
Those who seek me are called wise men  
Or either wise guys I pray you comprehend  
And realize I'm condemned

No rest, homicidal dreams  
My cell mate, all he do is scream  
Out loud how he wants to go home  
That's funny, I'm here all alone  
Locked, in a single cell  
His back's bleedin, he's cold as hell  
And I'm hopin, they turn on some heat  
I call the C.O. to bring some extra sheets  
Where he go he walk through walls one halls I pray he  
teach me  
They don't see him at the health try to reach me  
I say "please see how he feels"  
They said "he's alright, but he's not real"  
Evaluation say I suffer from depression  
Hallucination, self-? What they guessin  
I'm here doin years I'm stressin  
Medicate me state me want me to rested

Don't take it cause he said that wont be bested  
He said I need his help and he needs me  
Nigga you walk through walls, go home you're free

Home, that was far and he was turned off  
'Cause his wings were burned off  
A lesson was learned, communicated with one  
I was chosen 'cause I've got sun

[And I'm the retarded one!]
