"Come As Your Idol"

Stuck in the middle,
Cause known with intensity.
Waited at the amber,
Should I follow, or should I lead as we fall into line
(Into line, again)

Well, don't stand upon the edge,
With the players and the brave.
Don't let it be that
They come as your idol,
Come as your idol,
Come as your idol,
Come as your idol.

Stable, it's not made for
Free will to pass it's way.
Waited for the effort
Doesn't matter, it doesn't matter as we fall into line
(Into line, again)

Well, don't stand upon the edge,
With the players and the brave.
Don't let it be that they come as your idol,
Don't let it be that they come as your idol,
Come as your idol,
Come as your idol,
Come as your idol.

She's fascinating
So lovely for you.

Come as your idol,
Come as your idol,
Come as your idol,
Come as your idol.
