Don't say it's true, it's effervescent
To be sure, it's like a liar to the few
And here I am, I stand before you
I am bare before your cause

And these tongues fly
And these words sting
And I can make them disappear
Am I confused?
Am I confused?
Can I do more?

I could've told you
Don't say Never
Not doing what we were told
If I could've mould you
The same as ever,
Be like an open road.

Don't say it's true, it's iridescent
To be sure, it's like an open field of mines
And here I am, I'm only human
I can do more harm than you

And these words sting
And these tongues fly
So, we can watch all that you do
Don't let me in
Don't let me in
'Cos I am here, now.

I could've tamed it
I pray to another
Tell me, what is my goal?
I could've told you
Don't say Never
Be like an open road

If I could've told you
Don't say Never
Not doing what we were told
If I could've mould you

Same as ever
Be like an open road

I pray to another
Tell me, what is my goal?
Don't say Never
Be like an open road.
