Baby, what's your phone number?

I know I'm kinda fast, but I hate 2 waste time

Baby, what's your phone number?

Girl, I have 2 ask cuz U're so fine

CHORUS:

777-9311

I wanna spend the night with U if that's alright

777-9311

Ooh baby, please can I come 2 night?

Baby, what's your phone number?

How can U be reached on a lonely night?

Baby, what's your phone number?

How can I get into U when I'm feeling right?

CHORUS

Jellybean

Ain't nothin' worse than rejection

I'd feel a little better if U slapped my face

Hey, what's your phone number?

Can't U see the agony I'm goin' through?

Baby, what's your phone number?

Girl, it's getting hard baby, won't U let me love U, love

U?

CHORUS

Yeah, ooh

Hey baby, what's your phone number?

I know it sounds fast, but I ain't got all night

Come on baby, what's your phone number?

U know I got 2 be cooler than this cat U're sittin' with

I'll do U right, baby

Come on! {x3}

Oh no, come on!

Oh, hey

CHORUS

Come 2 night if it's alright (777-9311)

Honey, please can I come 2 night?

Can't U see what I'm gonna do? (777-9311)

I wanna do it 2 night, baby, I wanna do it 2 U

It's on fire, U burn me out (777-9311)

It's getting higher, U know what I'm talkin' about

Help me out good Lord above (777-9311)

Marry me girl, give me some of that love
