Ohh, ah, yeah

U work so hard, U really do
I don't think that anyone could ever work as hard as U
Hot desert sun, U can feel the heat
Every drop of sweat on your brow is what I am so U best
believe

[Chorus:]

I got 1,000 hugs and kisses 4 U when U come back
home, baby (Ooh woo)
I got 1,000 hugs and kisses 4 U when U come back
home, baby (Ooh woo)

When U give 'em your all, and still it's only second best
U can come and lay your head upon your baby's chest
Every one of your worries, all your miseries (All your
miseries)
U can put them in the little book and ship them off 2
sea
Cuz...

[Chorus]

Ohh, ah, yeah

I got a 1,000 hugs and kisses U when U come back
home
Come here!

The world can be, well 2 put it frankly, such a bitch
sometimes
Seems like love that lasts 4ever is so damn hard 2 find
Seems like all we ever find is another reason 2 cry
As long as U got me I got your back and this is why

U work so hard, U really do
I don't think that anyone could ever work as hard as U
Better lock the door, U better unplug the phone
Cuz I'm gonna give 1,000 reasons why we need 2 be
alone

[Chorus]

I got 1,000 hugs and kisses, baby, when U get back
home
When U get back home
Oh yeah

I wanna hold U, wrap U up in lace
And I wanna kiss U, kiss U all over your face
I wanna love U all up and down
(I got 1,000 hugs and kisses 4 U when U come back
home, baby)
Give U love like U never had, all, ungagged and bound
Ooh yeah (Ohh)
(I got 1,000 hugs and kisses 4 U when U come back
home, baby)
I got 1,000 hugs and kisses 4 U, baby
(I got 1,000 hugs and kisses 4 U when U come back
home, baby)
I wanna, I wanna, yeah, I wanna hug U baby, kiss U
(I got 1,000 hugs and kisses 4 U when U come back
home, baby)
Yeah yeah, ooh
