

## Prince "Beautiful Strange"

Visit "[Beautiful Strange](#)" on [MotoLyrics.com](#)

Strangely beautiful  
Beautiful strange  
That's what we said  
instead of the name  
If U count the times  
He took all the blame  
U would find the reason  
behind the game

In the darkness  
we must look 4 the way  
Words so strange  
that only the mind can say  
If it makes no mind

what color or holy day  
why is this game  
the only one that we play

Dive inside your sould if U wanna know  
the light inside the darkness 4ever glows  
The son is like the diamond inside the coal
