Yo, let me light that
Haven't I seen you somewhere before?
What's your name?
You come here often?
What's your sign? Yeah

Yeah, my sign is Big Fun
(Big Fun)
Get freaky, let your head bob
Get freaky, let the head bob
Get freaky, let the head bob

Get freaky, get freaky
(I wonder if she)
Get freaky, let the head bob
Get freaky, let the head bob
Get freaky, let the head bob
(Yeah)
Get freaky, get freaky

Psychedelic mama
Tell me girl, what's your sign?
You and me should get together
It wouldn't be a waste of time

I got some new devices
Make you feel so good
I can't guarantee your safety
It oughta be understood
We could have big fun

Get freaky, let the head bob
Get freaky, let the head bob
You and me should get together
Doin' it on the one

We could have big fun
Get freaky, let the head bob
Get freaky, let the head bob

I could make you feel much better
Give up the number hon'

We could have big fun
(Hey)

I was checkin' for ya on the floor
I had my boys watchin' you since June of '94
Oh yeah, it's like that
I'm goin' for mine, you should go for yours

What the **** you waitin' on baby?
Get your shit, let's hit the door

Give up the number hon'
We could have big fun
(Hey)

Get freaky, let the head bob
Get freaky, let the head bob
(Hey)

Psychedelic mama
Come, meet a friend of mine
We don't have to get to freaky
We can take a rain check this time

Come and dig the funky music
I got some old **** you might get into
But next time we gonna get wild
'Cuz baby, you know it never was a sin to
Have big fun

Get freaky, let the head bob
You and me should get together
Doin' it on the one

We could have big fun
(Thought you wanted to do that)
Get freaky, let the head bob

I could make you feel much better

Give up the number hon
(That's what you were checked for)
We could have big fun
(Hey)

Get freaky, let the head bob
Get freaky, let the head bob
Doin' it on the one
We could have big fun
