I Can't Stop [Controversy Music]

I can't stop this feeling I got

I feel it right down to my toes

I can't stop this feeling I got

My body want you don't you know

I can't stop this feeling I got

It's running all down my leg

I can't stop this feeling I got

Why you wanna make me beg

I can't stop this feeling I got

I can't stop this feeling I got

I can't stop this feeling I got

I can't stop this feeling I got

I can't stop this feeling I got

You know I can't sleep at night

I can't stop you know I love you a lot

I never want you out of my sight

I can't stop this feeling I got

I get to shakin' all in my shoes

I can't stop this feeling I got

The doctor said there's nothing that he can do

I can't stop this feeling I got

I can't stop this feeling I got

I can't stop this feeling I got

I can't stop this feeling I got

I can't stop this feeling I got

My body wants you. I want you, want you

I can't stop this feeling I got

Baby, baby, baby. Yeah

I can't stop this feeling I got

I can't stop this feeling I got

I can't stop this feeling I got

I can't stop this feeling I got

No.

I can't stop this feeling I got

I can't stop this feeling I got

I can't stop this feeling I got

I can't stop this feeling I got

Feeling, feeling, feeling, ooh.

Huh, if that don't work

Yeah what
