Wipe those tears away
The past was here and gone
Just like the moon 2 day
That disappears with the morning dawn
It's time 4 all 2 get happy
Come on and take a chance
I wanna see U party
I wanna see U dance
Come on everybody, let's dance, dance, dance

CHORUS:

We are the children of the sun
We're gonna dance and sing until the morning comes
If your tears need company, this party ain't the one
Jump it up and down, we are the children of the sun

Children of the sun

What's the use in cryin'
When 2 day's a brand new day?
Nowhere 2 run and hide in
I'm here 2 show U a better way
Everybody's welcome, it's all up 2 U
If U wanna party, let me show U what 2 do
Come on everybody, let's dance, dance, dance

CHORUS

(Yahoo! Yahoo!)
Children of the sun
(Yahoo! Yahoo!)
Children of the sun

The rhythm lives inside of everybody
Man, woman, boy or girl
It doesn't matter where U come from
We're all part of this world
All the reason more 2 love someone
2 night we gonna party 'til we see the sun

Wipe those tears away
The past was here and gone
Just like the moon 2 day
Ooh, that disappears with the morning dawn
Come on everybody, let's dance, dance, dance

CHORUS

(Yahoo! Yahoo!)
Children of the sun
