Can U come outside and play?!

Give me your name and number

Give me the keys 2 your ride

Put the top down

Let me cruise up the ocean side

Let me put my arm around U

Unsnap your self-consciousness

Take off everything except your stockings

I wanna kiss U more or less

Can U come outside and play? {"Play" repeats is BG of song}

Tell me baby, what do U say?

I got a bet goin' with my partner

That U're the best kisser in L.A.

If I'm, uh, out of line, U can tell me

But if I'm not, we can get busy

Come on baby, tell me what do U say?

Can U come outside and play?

Play! Play!

Take off everything except your stockings

I wanna kiss U more or less {x3}

I wanna.. I wanna.. I wanna..

I wanna, wanna, wanna, wanna, wanna, wanna, wanna
play!

I got a bet goin' with my partner

That U're the best kisser in L.A.

Come on baby, come on baby

Come on, come outside and play {x3}

Play

(Can U come outside and play?)

Come outside and play!

(Play) {x8}

(Can U come outside and play?)

(Play) {x15}

(Can U come..)

(Can U come..)

(Can U come outside..)

(Can U come outside and play?)

U'll be fine {segue}

We can withstand the test of time

It's all or nothing

Everything we do

Even when I can't be

Can't be with U

It doesn't mean U're any farther away

Just means we're still prisoners

Not entirely free

There's a new age dawning

Slowly opening heaven's door

Contrary 2 rumour

Heaven is keeping score

The New Power Generation has just taken control
