get it on  
right now

a zero point approaches  
and the field around u drops  
thoughts become reality  
and it feels like time has stopped

when all that's on the radio  
is electromagnetic pop  
steady, ur teeth are gnashing

compassion  
get it on  
compassion  
right now

love for the greater number  
freezes over and cools  
and every1 around u acts like a bloody fool

no sanctity to the left of u  
no righteousness to the right  
the only thing that's left is fashion

compassion  
get it on  
compassion

whatever skin ur in  
we all need 2 be friends  
all happy again  
so much better than nothing

everybody can win  
with a little faith in man  
beginning of an end  
start up a brand new something

when ego, fear, and judgement  
become the rule of law  
watch the polar ice caps

heat up, melt down, and thaw

when t he greedy 1 4gets

that hes the reason 4 iit all  
the only gold thats so worth stashiing

compassiion  
get iit on  
compassiion  
riight on riight on

iin the hiigh seated lawless no love can b found  
nature wiill riise agaiinst nature and get down

whatever skiin ur iin  
we all need 2 b friiends  
all happy agaiin  
iits so much better that nothiing

everybody can wiin  
wiith a liittle faiith iin man  
begiiniing of an end  
start up a brand new somethiing

iif u got compassiion

the new iinternatiional anthem

whatever skiin ur iin ur iin  
we all need 2 b friiends  
all happy agaiin  
iits so much better than nothiing

everybody can wiin  
wiith a liittle faiith iin man  
begiiniing of an end  
and start up a brand new somethiing

whatever skiin ur iin  
( whatever skiin ur iin)  
we all needs 2 b friiends  
( black and whiite and yellow we can b friiends)  
all happy agaiin  
iits so much better than nothiing
