Expert lover, my baby
U ever had a Crystal Ball?
Expert lover, my baby
U ever had a Crystal Ball?
Ooh, expert lover, my baby
Ever had a Crystal Ball?
Expert lover, my baby
U ever had a Crystal Ball?

As bombs explode around us and hate advances on
the right
The only thing that matters, baby, is the love that we
make 2night
As little babies in make-up terrorize the western world
The only thing that matters, baby, is love between a
boy and girl

Oh, expert lover, my baby
U ever had a Crystal Ball?
Undercover, no maybe
All 4 fun and fun 4 all

I can't remember my baby's voice cuz she ain't talkin'
no more
Only the sound of love and prayer echo from the yellow
floor,
yellow floor
Huh, she's sayin' - "Dear Jesus, save us from
temptation
Dear Jesus, save us from hell
Save us from the madness that threatens us all
Can U hear us? It's hard 2 tell
In your name we pray"

Expert lover, my baby
Ever had a Crystal Ball?
Undercover, no maybe
All 4 fun, fun 4 all

As soldiers draw swords of sorrow
My baby draws pictures of sex (Yes, she does)
All over the walls in graphic detail - sex!

Everybody say it now
Expert lover, huh, my baby
Ever had a Crystal Ball?
Under... undercover, ha, no maybe
All 4 fun and fun 4 all

Rip it, ouch! Uh

Expert lover, my baby
Ever had a Crystal Ball?
Uh, expert lover, my baby (My baby)
Ever had a Crystal Ball?
Crystal Ball
Expert

My baby, my baby, my baby, my baby
Kiss me, lick me, trick me, whoa!
Oh yeah, yeah
Come on, come on, come on, won't U come on?

Expert lover, huh, my baby
Have U ever had a Crystal Ball?

Don't U wanna?
What my drummer wanna say? [x2]
Yeah! Drummer
Tell me what the bass said

Yeah
Oh, ow!
Listen 2 my, uh, listen 2 my bass man play

(Alright) (Expert lover, my baby is alright)
(Alright) (Undercover, my baby is alright)
Listen 2 the guitar play
Hey! Wait a minute now
It's groovy
Ouch! Guitar, guitar
Come on now
Oh yeah!

My baby licked me fast
Her mama watch her gas
Come on, baby, do me fast
Come on, come on
Your mathematical gas

Uh
Ooh wee!
Darlin, darlin, U know U want a Cry...Crystal Ball

Crystal Ball

I don't know, I have 2 ask my mommy first

As bombs explode around U and hate advances on
your right
The only thing U can be sure of is the love we make
2night

Expert lover, my baby
Ever had a Crystal Ball?
Take off your clothes, baby
Come on, get the Crystal Ball

Oh, expert lover, my baby
U ever had a Crystal Ball?
Come on, take off your clothes, baby
Come on, get the Crystal Ball

Come on!
Expert lover, my baby
Ever had a Crystal Ball?
Oh, my baby, my baby, my baby
Come on, get the, get the, get the Crystal Ball

Oh, U ever had a Crystal Ball?
