Love, like a rose in bloom  
All of the rainbow children will feel it soon  
To the east, word traveled about this energy  
Until it reached the banished ones  
Who just wanted this love to cease

They now fallen into  
The resistor's dream  
And they built a digital garden  
Or so it seemed

In this brilliant darkness  
So-called angels of light  
Lies, lies, lies, lies, lies

And all the rainbow children will stand and fight  
For everlasting, everlasting life  
For the one who sits on the right  
For him we're willing to do the work

The banished ones approaching  
The palace shouted obscenities  
They tried to confuse the rainbow children  
And dethrone their king

Using the lies promoted by the whose papers  
Hella visions, and scagazines  
The banished ones constructed a digital garden  
Around the palace that extended throughout the world

Furthermore they demanded compensation for their  
time  
Spent in the palace before the exile, this was noise  
"So be it", said the wise one  
And gladly obliged with an invisible deed

The banished ones accepted  
And returned to their place of birth in mendacity  
As for the rainbow children  
They began deconstructing the digital garden  
Door to door they went in search of those willing to do  
the work
