Do Me, Baby (The Hits Mix)[Controversy Music, ASCAP - 1981]

Here we are in this big old empty room, staring each other down

U want me just as much as I want U, let's stop fooling around

Take me baby... kiss me all over... play with my love

Bring out what's been in me for far too long

Baby, u know that's all I've been dreaming of

Do Me Baby, like u never done before

Give it to me till I just can't take no more

Do Me Baby, like u never done before

I want u now, I just can't wait no more, can't wait...

Here we are looking for a reason for u to lay me down

For a love like ours is never out of season, so baby

please stop teasing me

what ya do, I can never love no other, u're the best I ever had

Whenever we're not close to one another, I just want u so bad

So Do Me Baby, like u never done before

Give it to me till I just can't take no more

C'mon, Do Me Baby, like u never done before

I want u now, I just can't wait no more

I said

Do Me Baby(Do me baby)

Do Me Baby all night long(Give it to me)

Do Me Baby

I want u now

Do Me Baby
