If the wind blew every petal from your precious red  
rose  
Would U be afraid of what U'd find inside?  
When I'm alone in my room  
I can't stop dreaming about U, dreaming about U  
When I'm alone in my room  
I can't stop dreaming about U, dreaming about U  
And every time I do what I need 2 do  
I can't stop dreaming about U, dreaming about U

Revolving around every word that is spoken  
Like the planets around the sun  
I want U  
Your tongue is a great persuader  
Yeah, U got me sold  
And when I'm alone in my room just watching a rose  
I dream about U, I dream about U

When I'm alone in my room, yeah  
I can't stop dreaming about U  
When I'm alone in my room, baby, baby  
I can't stop dreaming about U, dreaming about U  
And every time I do what I need 2 do  
I can't stop dreaming about U, dreaming about U

When my sane twin reigns  
Claiming your aim is 2 maim my subconscious into  
being with U  
I dream about U  
Betting on the notion that if my lustier twin prevails  
Like the ruins of Rome, I'll lie helpless at your feet  
Yeah, when I'm alone  
I dream about U, I dream about U

I dream about U, baby  
When I'm alone in my room  
I dream about U, my baby  
I dream about U, U, U

(And here we stand)  
And here we stand amidst your core (U)

Like the petals on this rose I adore (U)  
The inside (The inside)  
If the inside is kind  
Kind in a sense that one would come from all  
And the wish that U wish will come true if U call  
But if not, (U will fall) U will fall  
And I'll still be alone (Just dreaming about U)  
With this ball in my stomach just dreaming about U  
(Dreaming about U)
