Ooh, aah, ooh, ooh, aah, ooh
The e-male left so clearly upon a computer screen
Read like a threat that crept into her like a sex machine
Wanted, any woman who's first name begins with a 'Z'
From the sound of the keys, a pawn makes a move
Her reply brings on the groove

The king takes the pawn

It's on, it's on, it's on

He couldn't wait to tell her 'til after he got the nella
Her love would only even the score
It seemed her darling fella
He stole a hell a-lotta bucks from the corner store
The declaration of war that followed
She never believed, oh

In the darkest corners where widows mourn
That's where he whispered her name
He said, "We can do it here, my dear
But I fear your tears will fall like rain", they fall like

Because I must tell you
(Tell you)
While I'm deep in your smell
You got the man I want to inflict with pain

I'm running a game with my paper
I'm turning the boy to vapor
Now I wanna do the same to you
If you don't tattoo my name upon your train

(Oh, the king takes the pawn)
The king takes the pawn
(Oh)

It's on, it's on, it's on
(It's on, it's on)

The king takes the pawn

(Www)
It's on, it's on, it's on
(I said it's on, it's on, it's on)
