Let's dance some more) {sample repeats through
song}
(Hey)

Fantasia erotica (Hey)
Come into this world
Fantasia erotica (Hey)
Girl love boy, love girl

2 day I am free, 2morrow I may not be
Let's take a trip baby, we'll be so happy
Open your mind 2 the power of the body
Physical love is the name of this party

Fantasia erotica (Hey)
Come into this world (He..hey)
Fantasia erotica (Hey)
Girl love boy, love girl

She likes the music that makes her pull up her dress
He likes 2 watch as she pumps on her own caress
Tense like a brick, she rears up on the rocky bed
It's all he can do not 2 touch her, he dances instead

Fantasia erotica (Hey)
Come into this world

Oh, speak American?
No, speak Carmenesese

Erotic is my name
Make my fantasy your game
Whatever U wish 4 me 2 do
That's what I'm gonna be doin' 4 U
Feel my image comin' alive
Touch my body, feel my vibe
Am I real or could I be your erotic fantasy?

Fantasia erotica (Hey)
Come into this world (Hey)

Who could ever know just how far I'd let U go?
Give U limits? - Don't be silly, I would never tell U no
A dream 2 U I seem 2 be, but yet U're my reality
So while I'm here 4 pleasin' U, just be my fantasy

Take a look inside, I've got nothin' there 2 hide
I'm a product of your thought so I know nothing of pride
Let me tease U just a moment, that's the way I express
myself
I'm puttin' my cards on the table as I undress myself
(Hey)

They drive away in her scarlet 'Bourghini
Off comes her dress, ooh .. her scarlet bikini
"Open your mind 2 the power of the body"
"Open your mind 2 the power of the body"
She says as she disappears and he hears

Fantasia erotica (Hey)
Come into this world (Open your mind 2 the..)
Fantasia erotica (Hey)
Girl love boy, love girl (Open your mind 2 the power of
the body)
Fantasia erotica (Hey)
Come into this world (Open your mind 2 the power of
the body) (Hey)
