Fun

(Ah yeah) {sample repeats through song}

Fun - we should do this

Let's go 2 the beach and just lay in the sand

Fun - we should do this

Can't nobody reach us 'til we say they can

Fun - let's go drivin'

Anywhere, let's just get out of this city

Fun - let's just dive in

I don't care where we go just as long as it's pretty

CHORUS:

Fun, fun, don't U wanna have fun?

Let's do all we can do now

Fun, fun, don't U wanna have fun?

It's all up 2 U now

Fun - we should do this

Let's go buy a funny hat and just dance in the street

Fun - we should do this

Let's find a band playin' a funky beat

Fun - let's not worry

We can think about responsibility another time

Fun - let's think about the party

U better go 4 yours cuz I'm gonna go 4 mine

I'mo go 4 mine (mine, mine, mine, mine)

CHORUS

Don't U just love it when the yellow ball a-bounces

In the blue cotton candy psychedelic sky?

17 tangerine polkadot bikinis dancin' nasty

As the hooptie-blastin' fun drives by

Everywhere U look the people party in the sunlight

Ain't nobody illin' cuz nobody's lookin' 4 a fight

Just people havin' some of the summertime heat

Money, U better grab a girl and dance 2 this beat

Fun, fun, fun, fun {x2}

Fun - we should do this
We should dance 2 every song until we're soakin' wet
(wet, wet)
Fun - we should do this
D.J., if U think I like it funky - yo bet (Yo)
I think I want a kiss
2 night it feels so good, it just might be one I just met
U know U can't resist (Fun, fun, fun, fun)
U know this is the best life, baby, that U're ever gonna
get

CHORUS

Let's think about responsibility another time
U go 4 your fun, I'll go 4 mine
Fun
