You must have heard it on the news this morning
Congratulations, a new star is born
Sun to a shadow, rose to a thorn
There ain't no fury like a woman scorned

Y'all must have dug it, when you did your thang
It's like a song, everybody wanna sang
When the music's over, your ears ring
With a voice that's saying, "Queen got no King"

He got a message saying, you tried to reach him on the
phone
He didn't wanna answer 'cuz he's so afraid
You'd probably tell him just to leave you alone

You must have heard he got another band
They're makin' money, they're makin' plans
You feel left out but you need to understand
Word on the street, he's still your man
He's still your man, he's still your man

Look out, look out, look out, here comes your rainy day
Now you think you got a good reason to say
Everything that's in your heart, come what may
Even though his might get broken

Who's the guilty one when there ain't no judge or jury?
Shadow to the sun, next to the one
Hell ain't got no fury

It will approach us, the debt he's been in
Open to the heart in need of mending
Will this song have a happy ending?
Only the woman knows, only she knows

Two sides to every story
One man's gloom is another man's glory
Sun to a shadow, rose to a thorn
There ain't no fury like a woman scorned

Ain't no fury like a woman scorned
No fury like a woman scorned

No fury like a woman scorned
