Get it up
Get ready 4 a real good time
I'm gonna try 2 blow your mind
Can't U see?
U and me
It sounds so nasty

Get it up
Let your hair hang down
We could fool around
Don't U know
I want U so
Make me happy, oh

Get it up
There's nothin' wrong
With freakin' all night long
Me and U
We need a groove
If it feels good, do it

Get it up
Leave your cares behind
Let me try 2 find
Find the spot
That gets U hot
Let me do ya

What time is it?

Get it up {x14 }

Get it up
Get ready 4 a real good time
I'm gonna try 2 blow your mind
Can't U see?
U and me
It sounds so nasty

Get it up (Oh baby)
Let your body drip

Let me take U on a trip
Can't U see?
U're killin' me
U're so freaky

Get it up {x2}
Get it up, oh, oh, oh! {x2}
Get it up (No)
Get it up

Get it up {x4 }

Get it up, get it up, I'll fuck (work) U all night {x2}
Get it up, get it up, I'll work U all night {x2}
Get it up, get it up, all night {x4 }

Do U like that?
Do U want it harder?
Yeah, don't stop
U know I love U, don't stop
Yeah
