New Power
Lay down your funky?
Get off!

Get off, baby

What can a brother do when the clock keeps ticking U
off?
Turn the other cheek or kick a nut till he coughs, "Get
off"
"Get off"

CHORUS:
On the positive tip
I'm equipped with a whip
But I don't have 2 spank U 'cause this is my ship
Get off {x2}

(Get off, baby)

I will still be hip
When the words from your lip take a dip in the ratings
Then I'll be stripping your Mercedes off your Lubricated
Lady
And taking her 4 a walk, taking her 4 a walk

On the positive tip
I'm equipped with a whip
I don't have 2 spank U 'cause this is my ship
Get off {x4}

Ooh, is this a dream?
No - everybody get off
Is this a dream? {x2}
Get-a-get-a-get-a-get off

CHORUS

(I got the bed 4 U)
Get off (Hey, hey sugar)
Get off

(Get off) {repeat in BG}
Once I give her back 2 ya
She won't ever wanna do ya
'cause I wrote the book
I taught her how 2 look
She showed me the money U gave her - I took
I even ate her cooking
That's more than U did

Get off {x2}

What can a brother do when the clock keeps ticking U
off?
Turn the other cheek or kick a nut till he cough, "Get
off" (Ooh, help me)
"Get off" (Get off)

Get off {sampled}
New Power {sampled}

Everybody get off {x2}

Is this a dream? {x2}
Get-a-get-a-get-a-get off

CHORUS

(I got the bed 4 U)
Get off (Hey, hey sugar)
Get off

What can a brother do when the clock keeps ticking U
off?
Turn the other cheek or kick a nut till he cough, "Get
off" (Ooh, help me)
"Get off" (Oh)

Get off {repeat and sampled}

Everything alright back there?
