Hey, what up y'all?  
NPG's in the house kickin' the gift  
Talkin' about us livin' in an incubated society  
And ain't shit changed in 20 years y'all  
We just in a state of sobriety  
That's right - this one is subject 2 justification  
Cuz we shootin' 4 heads of state  
Hmph, and 2 my brothers and sisters strugglin' 2 try  
and learn  
Don't be confused by the term...

Ahh, Goldnigga - a term that might seem offensive 2  
some  
But one we've adapted - that means the money's  
earned  
By the knowledge and creative efforts of a black man  
Who can feel good cuz there's no blood on his hands  
In a time when respect is gotten, not from what a  
leader might say  
But 9 M's, Glock 7's and AK's  
It's a shame, but that's the way it is  
That's the reality of things - our state of mind has been  
twisted  
Demented in the way that seems irreversible  
2 much clout and status in the movers and shakers and  
people with pull  
Instead of leading, we are being led  
By generations of punk motherfu... Yo Tone, nuff said  
Yeah, U right, but I must speak on this  
Before me and my people die in this endless abyss  
So as we go round and round in an attempt 2 get  
bigger  
I send a shout out 2 all my fellow Goldniggaz  
Stay strong!

CHORUS:

Goldnigga - we can turn this mutha out  
Goldnigga - tell me what U're all about (Stay strong)  
Goldnigga - we can turn this mutha out  
Goldnigga - tell me what U're all about (Please, please  
stop!)

Get up, stand up, stand up 4 your rights  
Cuz Goldniggaz don't go out without a fight  
Mentality's 2 strong, we bring brothers who struggle  
along  
Nevermind preachin' about the prior things they had  
did wrong  
Cuz every new day is a fresh start  
And I mean that shit from the bottom of my heart  
I place this burden on the shoulders with an upraisal in  
effect  
It's time we earn proper respect  
(Please stop!) {sample repeats in BG}  
Big up goldniggaz

CHORUS

(Yeah) (Come on, come on)  
(Mmm, say it) (We, we, we like it)

U better stop! {sample repeats 2 fade
