The good life
One day, that's what I'll be livin'
Fantasy never hurt nobody
Whatever chills the illin'

When the everyday gets on your last one
Give it up and go
To the place in everyone's future
The good life, one day, we'll know
(Good life)

Everyday, after school
You know where to find this brother
Uptown, at every movie show
Outta my life, to another

That was the only thing that I wanted to do
That was my drug of choice
Left all the funny smellin' cigarettes
To the American boys

'La Dolce Vita', was the knob that turned me on
Marcello Mastroianni's Italian Mac comin' on strong
He had all the honeys, the kind from the magazines
Small waist, big-right, biggest ones you've ever seen

The good life, good life
One day, that's what I'll be livin'
Fantasy never hurt nobody
Whatever chills the illin'

When the everyday gets on your last one
Give it up and go
To the place in everyone's future
The good life, one day we'll know, one day we'll know
(Good life)

(Good life)
Mama worked all night
Went to school by day
Wanted to get her master's degree
So she could make a better way

Set examples for her babies
That, we'll never forget
That's where I guess my spirit comes from
Eternally never met

Oh, the good life
(Good life)
One day, that's what I'll be livin'
Fantasy never hurt nobody
Whatever chills the illin'

(Ooh, good life)
When the everyday gets on your last one
Give it up and go
To the place in everyone's future
(The good life)

The good life, one day we'll know
(Good life)
Good life, good life, good life
(Good life)

Hey, hey, hey
Peace to the mother that knows
That the babies are the key to the world, key to the
world
The battles of the future will be won
By those who teach those baby boys and girls

This is our plea to the brothers
Who are tired of the barely gettin' by
Instead, you should try to see
Your future map out your steps
And make sure no one dies

The good life
(Good)
One day, that's what I'll be livin'
Fantasy never hurt nobody
Whatever chills the illin'

(One drop of blood ain't worth forsaking your dreams)
When the everyday gets on your last one
Give it up and go
(Music, sports, fashion, whatever)
To the place in everyone's future

The good life, one day we'll know
(Consolidate, think ahead, and cream, cream)
The good life

(Good life)

One day, that's what I'll be livin'
Fantasy never hurt nobody
Whatever chills the illin'
(Hey yeah, good life)

When the everyday gets on your last one
Give it up and go
(Good life, oh)
To the place in everyone's future
The good life, one day we'll know

New Power Generation
(Good life)
Tryin' to lead the good life
(One day we'll know)

Oh yeah, oh Lord, good life
(Good life)
The good life, good life

(Good life)
The good life
(Good life)
Good life
(Good life)

One day, that's what I'll be livin'
Fantasy never hurt nobody
Whatever chills the illin'

When the everyday gets on your last one
Give it up and go
To the place in everyone's future
The good life, one day we'll know

Good life, good life
Good life
(Good life)
The good life

(Good life)
(Good life)
(Good life)
One day we'll know
