Hot wit u

I wanna get hot wit u
Get you underneath the cream and ooh
Get you doing things you thought you'd never do
Make you suck your tongue and say, ooh

I wanna get hot wit u
Take you upstairs to the 14th room
Multicolored lights and an ocean view
Ooh, I wanna get hot wit u

I wanna get hot wit u
I wanna get hot wit u
I wanna get hot wit u
I wanna get hot wit u

I want to get hot wit u
I wanna get you underneath the cream
And do the marshmallow
Ooh, I wanna get hot wit u

I wanna get you to do something
You thought you'd never do
Like dance in front of my headlights
On a hot summer night, nude
I wanna get hot wit u

I wanna get hot wit u
Get you underneath the cream and ooh
Get you doing things you thought you'd never do
Make you suck your tongue and say, ooh

I wanna get hot wit u
Take you upstairs to the 14th room
Multicolored lights and an ocean view
Ooh, I wanna get hot wit u

I want to get hot wit u
I wanna make you climb this chain around my waist
So I can prove that I'm the only one that brings out
The freak in you

I want to get hot wit u

I wanna get hot wit u

I wanna get hot wit u

I wanna get hot wit u

I wanna get hot wit u

Know the body banging, got you singing
Ignore shouts from the neighbors, telephone ringing
Put me in positions thought I'd never do proper
Created a machine, now you know you can't stop her

Trying to turn me on, I never had this, so stop this
I'm supposed to tremble 'cuz they call you 'The Artist'?
Let's wild out, can you handle ruff riding?
Treat you like a freak of the week and had you hiding
from me

I can do whatever you like, if you could take it
If I could be your girlfriend, you could catch me naked
Can't front sexually, I'd like a sample
But I don't think I'm ready for you to make me an
example

I mean, come on, why front on
I'd never place time, queen in your life
I mean, will never
The days that you feeling for me, mutually
That I'm ready to call you daddy
Even get got with you

Meet me early morning in a 4th dimension plane
Astral traveling hottie, I know you know my game
Underneath the cream I'll meet you and then we'll
rearrange
Everything you know of love, I'll give you reason to
change

Hot wit u
I wanna get hot wit u
(I wanna, wanna)
I wanna get hot wit u
(I want you)

I want to get hot wit u
I wanna steal a kiss in the middle of an overcrowded
room, yeah
That's what I wanna do, I, I
I wanna get hot wit u
Hot wit u, ooh

I wanna get hot wit u
Get you underneath the cream and ooh
Get you doing things you thought you'd never do
Make you suck your tongue and say, ooh

I wanna get hot wit u
Take you upstairs to the 14th room
Multicolored lights and an ocean view
Ooh, I wanna get hot wit u

Take a drive to the ocean
And drown you in a wave
(Hot wit u)
Of 100,000 compliments, boo
I want you every day
(Hot wit u)

To be cool
And the only way to do that is every night
(Hot wit u)
Get hot, get hot wit u
(Hot, hot)
Yeah, baby

I wanna get hot wit u
Get you underneath the cream and ooh
Get you doing things you thought you'd never do
(Never)
Make you suck your tongue and say, ooh

I wanna get hot wit u
Take you upstairs to the 14th room
(Oh, honey)
Multicolored lights and an ocean view
(Can't you see)
Ooh, I wanna get hot wit u

Hot wit u
(I wanna get hot wit u)

I wanna get hot wit u
Get you underneath the cream and ooh
Get you doing things you thought you'd never do
(Ooh)
Make you suck your tongue and say, ooh
(Ooh, ooh, ooh)

Ooh, I wanna get hot wit u
Wanna get hot wit u
