Backwards message}

Maybe, darling, I'm diggin' your set, but a..  
I think we need 2 leave something 4 the babies of the  
New Power Generation  
What do U think?  
Cool, what do U wanna do?  
However much U want  
Get up then, boy!

Well, well

How much can U get if U just put your mind 2 it?  
However much U want  
How much can U gain if U don't struggle 2 get through  
it?  
However much U need  
How strong is your faith if U don't take time 2 renew it?  
However much U care  
Listen now, make haste this is the time U got 2 do it  
However much U dare

CHORUS:

However much U want  
Love will give U how much U need  
However much U care  
Unlock your mind and go there  
However much U want  
There's a brand new world deep inside your soul  
Love is there  
Love is there if U dare 2 go

Oh

Hear me..  
If U listen 2 your feelings, they'll keep getting stronger  
However much U want  
What is life if U don't find a way 2 make it longer?  
However much U need  
How many times will U get burned before U stop the  
fire?

However much U care  
Come dive into this waterfall of forgiveness and desire  
However much U dare

CHORUS

It don't matter when U come, don't matter who sold ya  
All that matters is that U go there once and let it hold  
ya  
Deep inside it's arms U'll realize that if U come again  
U'll want 2 come again and again and again and a..

How much can U get if U just put your mind 2 it?  
How much can U gain if U don't struggle 2 get through  
it?  
How strong is your faith if U don't take time 2 renew it?  
Listen now, make haste this is the time U gotta, gotta,  
gotta do it

CHORUS {x2}

Love is there {x4}  
However much U want
