And so you've found the perfect man
He's gonna give you all he can
And I can see that you were not prepared
So don't go rushing into this
Please take the time to remeniss
Re-estimate the memories you've shared

Bridge

But underneath it all he seems
Another product of your dreams
Another heartbreaker to pull you down

(Chorus)

You just believe in you
And after time you'll see
You underestimate your capability
You could be so much more
You could be breaking loose
Just take the time to think
about the path you choose
And how could you not realize
That he would be as cold as ice
Turn his back and leave you there on your own

it's obvious you're in his bed as far as I can tell

It must be like you're coming back for more

(Chorus)

Repeat Chorus
