I can't love U anymore  
So I'm walking out the door  
I can't watch U die like this  
When it's in lieu of your kiss

I can't look into your eyes  
If I do I only cry  
Cuz U seem so far away  
I would be a fool 2 stay

Cuz everyday I would be faking  
While my heart would just be breaking in 2  
Oh, what a bore  
I can't love U  
No, I can't love U anymore

I can't make U understand  
That all the riches in one's hand  
Is like an actor without a part  
But there's no real love in your heart

U can call me unforgiving  
But I just can't watch U living a lie  
So that's why I can't love U  
No, I can't love U anymore
