Extended Remix)

I never thought that U would be the one
After all the things that we've been through
U gave your body 2 another in the name of fun
I hope U had some baby, if not, boo hoo

CHORUS:

It's so sad but I hate U like a day without sunshine
It's so bad but I hate U cuz U're all that's ever on my
mind
Honey, I hate U - Now everyday would be a waste of
time
Cuz I hate U (I hate U)

I never thought that I could feel this way
2 fall in love was a table reserved 4 fools
Say U're sorry if U wanna but it's all in vain
I'm out the door sweet baby, that's right, we're through

CHORUS

I hate U, baby, more than U'll ever know
A movie about the way I feel about U? Oh no
Rated X and over in 10 minutes
Guinness couldn't count the scenes with sex and
violence in it
U hurt me, baby
4 that, I hate U

U hurt me, baby, more than I could ever hurt myself
I'd pay somebody 2 knock U off but U ain't worth the
wealth
Speakin' of which, U owe me, U owe me about a million
8 or more
Perhaps we need 2 get U down at the corner store
Yeah baby, U know what time it is ... body biz

(I hate U) {repeat 4 times in BG}
I hate U, huh, more than U'll ever know
Cuz U, U're all that I ever wanna show (Sing!)

U're all I ever wanna show my inner thoughts 2, girl
All my many things, all the many things
U're the only reason, yeah (What?)
I wanna sing! (Sing it!)

Huh, last night U should've been home
Huh, last night, baby, U should've been doin' it all
alone
Actin' up, girl, U was actin' up instead of grown ... yes U
was
Huh, U gave a dog a place 2 bone and now your ass is
all alone
Heh, I hate U

(I hate U) {repeat in BG 'til end}
I hate U, baby (Sing it)
Like a day, like a day without sunshine (Hey girl, chill
out)
Cuz U're all, U're all, U're all that's ever on my mind (I
said chill out, baby)
Baby, baby, baby, how am I gonna get along on a
lonely night?
Oh tell me, girl, tell me, girl, why didn't U keep your
panties on tight? (Ooh)
Ask me if I care, ask me if I care
It's so little it's like that feather in Forrest Gump
Floatin' through the air, floatin' through the air until the
bus comes
I hate U - Can I get a transfer?

If I sound a little bitter it's cuz, my baby, U danced 4 a
dollar
I know he didn't make U holler
And if he did, it wasn't like the time we did it 2 Mahler
Don't U remember?
U were my little nasty lady
Mine and U never felt the need 2 lay another down
And so now I frown at the sound of your very name
Cuz now, my dear, all U are 2 me is an old flame
And when it burns out, I'll be free of the mouth, the lips
I used 2 kiss
My baby, my little nasty miss
The one nobody could see
Nobody but me
Why, why'd U wanna leave?
Was I so hard 2 please?

I hate U, baby
Because I love U
