You have just accessed the hate experience
Do you wish to change your entry?
Very well, please enjoy your experience

I never thought that you would be the one
After all the things that we've been through
You gave your body to another in the name of fun
I hope you had some, baby, if not, boo hoo

It's so sad but I hate u like a day without sunshine
It's so bad but I hate u, 'cause you're all that's ever on
my mind
Honey, I hate u, now everyday would be a waste of time
'Cause I hate u

I never thought that I could feel this way
To fall in love was a table reserved for fools
Say you're sorry if you wanna but it's all in vain
I'm out the door, sweet baby, that's right we're through

It's so sad but I hate u like a day without sunshine
It's so bad but I hate u, 'cause you're all that's ever on
my mind
Honey, I hate u, now everyday would be a waste of time
'Cause I hate u

This court is now in session
Would the defendant please rise?
State your name for the court
Never mind
(Billy Jack Bitch)

You're being charged with one to many counts
Of heartbreaking in the first degree
I don't give a damn about the others
My main concern is you and me

Your honor, may I call to the stand
My one and only witness?
A girl that know damn well
She didn't have no damn business

I know what you did, how you did it
And uh, who you did it with
So you might as well take your time
'Cause you sure can't plead the fifth
Now raise your right hand

Do you swear to tell the whole truth
Not the half truth like you used to so help you God?
Nod your head one time if you hear me
If you don't, I'll have to use the rod

Anything to make you see that uh
You're gonna miss me
Yeah, you're gonna miss me
Uh, uh, uh, oh

If it please the court
I'd like to have the defendant place her hands behind
her back
So I can tie her up tight and get into the act
The act of showing her how good it used to be
I want it to be so good, she falls back in love with me

Close your eyes
I'm gonna cover your ass with this sheet
And I want you to pump your hips like you used to
And, baby, you better stay on the beat

Did you do to your other man the same things that you
did to me?
Right now I hate you so much I wanna make love until
you see
That it's killin' me, baby, to be without you
'Cause all I ever wanted to do was to be with you, ow

I hate u
(I hate u)
Because I love you
(Because I love you)

But I can't love u
(I can't love you)
Because I hate u
(I hate u)

Because I love you
I love you, baby
I love you, I love you, I love you

I love you 'cause you're all that's ever on my mind
I hate u because I love you
