Out of the lonely blue  
U went away and left me  
(I... I hear your voice)  
Without, without one single word  
(I... I hear your voice)  
Night after night like a ghost from the past  
(I... I hear your voice calling in the night)  
Your voice is all I heard  
I can't take it, baby (I...)  
Don't let me die like this

I remember just like it was yesterday  
I woke up, baby, and U were gone  
I didn't even wanna carry myself up outta bed  
Let alone, I didn't wanna carry on

Cuz I could hear (I hear your voice calling in the night)  
I can't stop it no matter how hard I try  
I can hear (I hear your sound calling in the dark)  
In a word, I feel like I wanna die

I started lookin', lookin' from dusk till dawn  
4 ways that I wouldn't miss U so much (I hear your  
voice)  
I even bought a new dress, uh, but when I put it on  
I could still, huh, still feel your touch

And I can hear (I hear your voice calling in the night)  
I can't stop it no matter how hard I try  
I can hear (I hear your sound calling in the dark)  
In a word, I feel like I wanna die (I...)

My friends tell me that I need a new love  
A bird in hand beats 2 in the bush (I hear your voice)  
What my friends don't know, huh, and I ain't about 2  
tell'em  
Is that U're the only bird, U're the only one who  
knows what buttons 2 push

It don't take no scientist 2 tell U what's wrong with  
me

It don't take good vision, huh, 2 see what any fool  
could see  
(I hear your voice calling in the night)  
That I just need your body, I just need your f-f-face  
Right where it counts - no, not in another place  
(I hear your voice calling in the night)  
I'm talkin' about all up, talkin' about all down  
Every inch, U see? I don't need U cross town  
U better read my lips, I need it here with me  
I can't stop it no matter how I try  
(I hear your sound calling in the dark)  
In a word, I feel like I wanna die

(I hear your voice)  
I can't take it, baby  
(I hear your voice)  
Don't let me die like this  
No!

I... I hear your voice {x2}  
I... I hear your voice calling in the night  
I
