

## Prince "I Love U In Me"

Visit "[I Love U In Me](#)" on [MotoLyrics.com](http://MotoLyrics.com)

If U know the words 2 this song, sing along  
If not, U better ask somebody  
Have U ever been so lonely  
That U felt like U were the only one in this world?  
Have U ever wanted 2 play with someone so much  
U'd take any one boy or girl?

CHORUS:

Anna Stesia come 2 me, talk 2 me, ravish me  
Liberate my mind  
Tell me what U think of me, praise me, craze me  
Out this space and time

Between white and black, night and day  
Black night seemed like the only way  
So I danced  
Music late, nothing great  
No way 2 differentiate  
I took a chance

Gregory looks just like a ghost  
Then a beautiful girl the most  
Wets her lips 2 say  
"We could live 4 a little while  
If U could just learn 2 smile  
U and I could fly away, fly away"  
Yeah...

CHORUS

Maybe, maybe, maybe I could learn 2 love  
I mean the right way, Los Angeles  
Perhaps U could show me, baby

Maybe, maybe, maybe I could learn 2 love  
Ah, if I was just closer 2 somethin'  
Closer 2 your higher self? I don't know  
Closer 2 heaven? Uh unh  
Closer 2 God, yeah, closer 2 God

Save me Lord, I've been a fool  
How could I forget U are the rule

I am Your child, oh yes I am Your child  
From now on, I shall be wild  
I shall be quick, I shall be strong  
I'll tell Your story no matter how long  
No matter, no matter, yeah

We're just a play in Your master plan  
Now, my Lord, I understand

refrain:

Love is God, God is love  
Girls and boys love God above {repeated and also by  
audience}

Y'all sing

L.A. {x3}  
Los Angeles  
Oh no no no no no  
Clap your hands {x4}

I heard some of y'all singing the chorus the first time  
But I need everybody singing the chorus  
How many of y'all believe in God?  
How many of U worship God?  
How many of U know how God wants 2 be worshiped?  
And that's where the agreement falls down, right?  
20 churches in a one mile radius  
Everybody's at different churches worshiping different  
ways  
Oh we should champion our diversity, huh  
We should champion our similarities  
Not our differences  
We should meet on a higher level  
Instead of looking at white, black, rich and poor  
Young, old  
Differences, differences, diversity  
Let's meet, let's meet somewhere higher  
Rainbow children, U know what I'm talkin' about  
NPG Music Club, put your hand up  
NPG Music Club, they in the good seats  
Now if y'all wanna be down here with us, U gotta join  
the club  
But look at'cha, U're up high, U're up high  
Now I need 2 hear your voices in that same aspect -  
high  
I wanna hear strong, high voices singing:  
Love is God, God is love  
Girls and boys love God above  
Can U do that?  
Now I played 4 U, can U do that 4 me before I go

home?  
Everybody, show 'em what to do  
(refrain) {repeated by audience}  
Sing it y'all  
Sing it like U mean it, come on band  
Clap your hands, somebody  
Renato, let's give Candy some  
Candy, toot a little bit  
That's the groove, y'all, that's the groove  
That's how we going home 2night - in harmony and in  
love

Rise up, just talking about 2 words  
I said rise up, 2 words, talking about going higher  
Said rise up, if U with me out there, sing it now  
Rise up, oh Lord  
Upstairs, if U up high, sing  
(Rise up) {repeated}  
Pray 4 the children, U've got 2 (rise up)  
U got 2 (rise up)

Thank U L.A., good night

Los Angeles, put your hands 2gether 4 Renato Neto on  
keyboards  
Rhonda Smith on the bass  
And the man, John Blackwell on the drums  
And on the horns we got Greg Boyer on the trombone  
The lady in the middle from Holland, Miss Candy Dulfer  
And on the alto saxophone, the teacher, Mr. Maceo  
Parker  
Oh yeah yeah, on the one

"With an accurate understanding of God and His law  
they went about the work of building a new nation:  
the Rainbow Children."
