"I Will"

I'll walk this road
I will, I will
It's gonna be hard but I know
I will, I will

People come and they go
But I'll still, I'll still
Face up to the truth and just grow
I will, I will

I will fight this fight
I will, I will
I will sleep tonight
I will, I will

I've been down before
(Oh, I've been down before)
But I'll still, I'll still
Remember what I came for
I will, I will

I will get to you
I will, I will
And then I'll help you get through
I will, I will

You've preyed on many a fool
Until, until
No one cared about you
But I will, I, I will
