If I was your girlfriend
Would you remember?
To tell me all of the things
You forgot when I was your man?
When I was your man
If I was your best friend
Would you let me take care of you?
Do all the things that only a best friend can
Only best friends can

If I was your girlfriend
If I was your girlfriend

If I was your girlfriend
Would you let me dress you?
I mean help you pick out your clothes
Before we got out?
Not that you're helpless
But sometime, sometime those are the things
That bein' in love's about

If I was your one and only friend
Would you run to me?
If somebody hurt you
Even if that somebody was me?
Sometime I trip on how happy we could be please

If I was your girlfriend
If I was your girlfriend

Would you let me wash your hair?
Could I make you breakfast sometime?
Or or could we just hang out?
I mean could we go to the movies, cry together?
'Cause to me baby that would be so fine

If I was your girlfriend

Baby can I dress you?
I mean, help you pick out your clothes
Before we got out?
Listen girl I'm sayin' you're helpless

But sometime, sometime those are the things
That bein' in love's about

Sugar

Do you know what I'm saying to you this evening?
Maybe you think I'm being a little self centered
But I, see I want to be
All of the things you are to me
Surely surely you can see

{Is it really necessary for me to go out of the room
Just because you wanna undress?
You don't have to make children to make love
Then we don't have to make love if we have no ideas
Your body is what I am all about
Can I see it?
I'll show you, why not?
You can talk because I'm your friend
I'll do it for you
Of course I'll undress in front of you
And when I'm naked what shall I do?
How can I make you see that it's cool?
Can't you just trust me ?
If I was your girlfriend you could
Oh yeah, I think so
Listen for you naked I will dance a ballet
But that gets you off
But tell me what will
If I was your girl friend would you tell me?
Would you let me see you naked then?
Would you let me give you a bath?
Would you let me tickle you so hard?
You'd laugh and laugh and would you
Would you let me kiss you there?
You know down there where it comes
I'll do it so good I swear
I'll drink every ounce
Then I will hold you tight
And hold you long and together we will stand in silence
And we'll try to imagine what it looks like yeah
We'll try to imagine what, what silence it looks like yeah
We'll, we'll try to imagine what silence it looks like yeah
We'll try}
