Ready or not, here I come
(Come on, come on)

All my life I've kept my feelings deep inside
Never was a reason to let somebody know
Lover here, lover there, Who cried? Who cared? Foolish
pride
Never was a good seat at any of this man's shows

Until now all I wanted to do is
Do, do, do what I do, and
Bang, bang, bang on the drummer
And love so and so

But now I've got to letitgo
(Letitgo)
Lay back and let the vibe just flow
I wanna just letitgo
(Letitgo)
Lay back and let my feelings show
(Letitgo)

I'm ready for the real
Give me something I can feel

All my life this heart's been under lock and key
My curtains were drawn there wasn't nobody home
Trigger here, trigger there, everybody's high except
for me
Better off dead if I couldn't be alone

Until now all I wanted to do is
Do, do, do what I do, and
Bang, bang, bang on the drummer
And love so and so

But now I've got to letitgo
(Letitgo)
Lay back and let the vibe just flow
I wanna just letitgo
(Letitgo)
Lay back and let my feelings show

I, I'm ready for the real
Give me something I can feel

Fourteen years and tears, I've longed to sing my song
But a horse couldn't drag your ass to put me on
But now I've got an army and we're three million strong
This song will ring in your ears when we are gone

Until now all I wanted to do is
Do, do, do what I do, and
Bang, bang, bang on the drummer
And love so and so

But now I want to letitgo
(Letitgo)
Lay back and let the vibe just flow
Said I want to letitgo
(Letitgo)
Lay back and let the feelings show

I am ready for the real
Come a little closer

Letitgo, lay back and let the vibe just flow
